# About Us

SRI Executive is a leading Executive Search, Strategy and Leadership consulting practice in global development. For 25 years we have partnered with over 300 purpose driven organisations in 63 different countries to identify and support outstanding leaders and develop future-ready strategies that drive impact. SRI Executive's work is global- we are committed to helping clients and candidates wherever they are based. Our headquarters are in Dublin and our multilingual and multicultural teams are located across five different continents. We have also built a strong network of Advisors around the world who are leading experts in their respective fields. Our global team is committed to equitable representation. We bring diverse backgrounds, identities, ideas, and beliefs together to encourage collaboration, open communication, and integrity.

Our history of engagement in the non-for-profit sector demonstrates the breadth of our organisational experience, including partnerships with large multilaterals, nongovernmental organisations, bilateral programmes, and federated organisations. We focus on six key thematic areas including Global Development, Global Health, Development Finance, Sustainability, Education and Foundations.

Our core purpose is to help create a better world through the values that we hold, we act with integrity, we are genuine, we are committed, and we are collaborative.

## About Our Strategy Practice

Through our strategy practice, we have honed our expertise in supporting the creation of successful and fit-for-purpose strategies and effective organisational development processes with leading international development agencies, foundations and NGOs, including several highly complex member-based organisations, to maximise their social impact. Our clients include the Global Green Growth Institute (GGGI), WWF International, Fairtrade International, FLOCERT, the Hewlett Foundation, RAMSAR Convention on Wetlands, the Global Innovation Fund, and the Green Climate Fund.

As a Strategy Consultant, you will work with a high-performing, integrated team which focuses on a wide variety of clients and delivers a range of assignments focusing on strategy development, organisational design and development, governance and advisory services. You will have a diverse range of broad experiences which will give you continuous learning and development opportunities as well as a great sense of achievement.

This growing team focuses on building strong relationships which will ultimately help our clients reach their potential. Due to the variety of services we provide to our clients, the work requires a high level of adaptability, flexibility and innovation.

## Role Purpose

As a Strategy Consultant, you will play a central role in delivering exceptional service to our clients. You will support Senior Consultants in the management, delivery and facilitation of projects and proactively build subject matter and technical expertise for our clients. If you are a dedicated and intellectually curious Consultant interested in making a positive impact, we would love to hear from you.

# Major Duties and Responsibilities:

Working in a team environment, and directly with our clients, the Consultant will deliver on the following main areas:

- Conducting qualitative and quantitative research and analysis, including landscape mapping, market research and stakeholder consultations
- Providing inputs to methodological approaches
- Designing and delivering data collection approaches
- Designing and developing client-ready reports or presentations, both written and oral
- Manage one or multiple work streams and produce quality deliverable against tight deadlines
- Supporting senior consultants as a facilitator in workshops, focus groups and meetings
- Supporting project management, client relationship management and proposal development
- Contributing to the development of internal processes and practices and keeping up to date with key developments within the sector

# About You

We are looking for our new team member to bring experience in:

- Minimum of 4 years of relevant experience in management or strategy consulting, social innovation or a similar type of private sector experience; ideally with some experience of working in an international organisation
- Advanced degree in political science, public policy, international relations, economics, statistics or related field (desirable)
- Strategy advisory, including strategy development, stakeholder and landscape research and analysis, and organisational development
- Qualitative and quantitative research methods, including desk research, focus groups, interviews, and surveys
- Analysis and drawing insights from data to build impactful, strategic recommendations
- Drafting of high-quality presentations and reports with strong oral communication skills
- Facilitation of workshops and meetings and delivering presentations to clients
- Project management: tools and processes (desirable)
- Statistical software and tools (an advantage)

# About You

Ideally, you will be a strong and enthusiastic team player with an entrepreneurial spirit, comfortable working in a fast-paced environment, excellent attention to detail and strong project and time management skills. Other desired attributes include:

- Strong analytical, problem-solving, and critical thinking skills
- Strong attention to detail, well-organised and ability to deliver on time
- Ability to analyse and make sense of data, turn insights into conclusions and create impactful strategic recommendations
- A high degree of emotional intelligence, ability to interact with diverse teams and clients
- Intellectual curiosity and rigour
- Excellent communication skills with the ability to present information in an insightful and structured manner, both written and oral
- High level of agility, eager to develop new skills and areas of expertise
- Ability or willingness to contribute to business development through support bids for new business
- Highly proficient user of MS Office with a strong emphasis on PowerPoint and Excel
- Familiarity with project management approaches, tools and phases of the project lifecycle
- International approach and ability to work with a virtual team
- Interest in Global Affairs and the International Development Sector
- Flexibility to travel to client sites
